2019 PRICE LIST FOR GSA, STATE AND TIPS CONTRACTS

version #090122

table of contents

table of contents

Essential Information 4

Tables
- Losa seated height 6
- Losa counter and bar height 10
- Sala occasional 14

Surfaces
- surface and edge overview 18
- edge profile overview 19
- surface shapes, dimensions, seating capacity 20
- Wilsonart laminate finishes by number 22
- Wilsonart laminate finishes by name 24
- Formica laminate finishes by number 26
- Formica laminate finishes by name 28
- PVEA and PVKN round, square, squircle, rectangle 30
- PVEA and PVKN conference: boat, racetrack, oval, arc trapezoid, arc rectangle 32
- PVEA and PVKN media tops: half arc end, half boat, bullet, trapezoid 34
- PVEA quarter round, half round, crecent, trapezoid, corner-angled, corner-curved, corner-extended curved front, corner-120 degree, wedge 35
- VNEA round, square, squircle, rectangle 36
- VNEA conference: boat, racetrack, oval 38
- VNEA media tops: half arc end, half boat, bullet, trapezoid 39
- PVEA, PVRC, PVKN and PVKR laptop & occasional 40

Bases
- T fixed, single and double column 42
  - nesting 44
  - nesting adjustable height 46
  - adjustable height 48
- C fixed 55
  - nesting 56
  - adjustable height 58
- X and Y fixed 60
  - flip 62
  - adjustable height 63
  - four column 64
- disc fixed 66
  - adjustable height 67
- laptop and occasional 68
- conference, under table media base and media walls 72
- post and frame bases 88

Power/data + Wire Management
- power supply location chart 96
- power/data modules (in alphabetical order) 98
- wire management 122
- grommets 124
- modesty panels 126

Accessories
- locks 129
- credenzas 130
- lectern and misc accessories 132

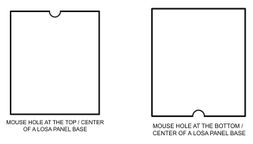
Losa 3 sided laminate wire management chase with latches for both end panel bases
Seated height chase (16.56"H) model # **OBLOSWM3SC2E30** - $600 list

Losa 3 sided laminate wire management chase with latches for 1 middle panel base
Seated height chase (16.56"H) model # **OBLOSWM3SCM30** - $300 list

Wire Management Stretcher options:

Losa wire management mouse hole (1) stretcher at the top / center
model # **OBOLOSWMMHS** - $20 list

Losa wire management notched cut out for power supply (1) stretcher at top / center
model # **OBOLOSWMNCO** - $50 list



Wire Management End Panel options:

Losa wire management mouse hole (1) in the end panel at the top / center
model # **OBOLOSWMHET** - $20 list

Losa wire management mouse hole (1) in the end panel at the bottom / center
model # **OBOLOSWMHEB** - $20 list

Full Height Stretcher Option - 2 piece top :

(1) full height stretcher centered under each half of the 2 piece top- model # **OBLOS2PCFHS2** - $450 list
(2) full height stretchers centered under each half of the 2 piece top - model # **OBLOS2PCFHS4** - $880 list

Full Height Stretcher Option - 3 piece top :

(1) full height stretcher centered under each piece of the 3 piece top - model # **OBLOS3PCFHS3** - $850 list
(2) full height stretchers centered under each piece of the 3 piece top - model # **OBLOS3PCFHS6** - $1700 list

Formica + Wilsonart HPL laminate finish grades listed on pages 22-29. For additional laminate grades, contact Symphony.

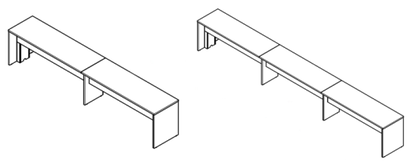
Please contact service@symphonytables.com to make sure that your power and/or wire managment solution will work with the Losa table specification.
We are able to modify this table with a custom solution to fit your projects needs.

For complete model number:
1. insert 1 letter height code:
C - 36" counter height
B - 42" bar height

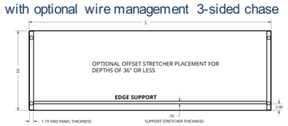
2. insert 2 letter edge code:
PV - 1.25 thick 3mm edge
LT - 1.625" thick self edge laminate

3. insert 1 letter laminate grade code:
A - grade A laminate
B - grade B laminate
C - grade C laminate

36" Counter Height and 42" Bar Height - Two or Three piece tops



*shown with optional wire management 3-sided chase



*24" deep Losa tables with a 2 or 3 piece top come standard with 1 stretcher centered under each half of the top. To order an additional stretchers so that power can be centerd and concealed between the 2 stretchers, please use model # **OBLOSSTR242PC** (2 piece top) **or OBLOSSTR243pc** (3 piece top) - $0 list

30" & 36" deep Losa tables with a 2 or 3 piece top come standard with 2 stretchers centered under each piece of the top. To order only 1 single stretcher centered under the table to allow for more kneespace, please use model # **OBLOSSTR30362PC (2 piece top) or **OBLOSSTR30363PC** (3 piece)- $0 list

Offset single stretcher placement option for 24"-36" deep tops:

model #**OBLOSSTROSP** - $0 list

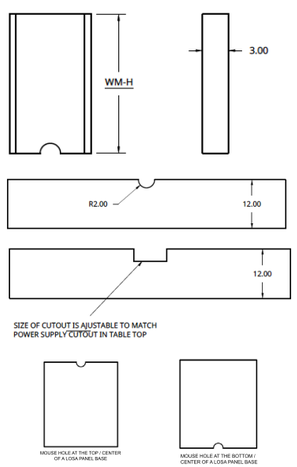
** for 30" and 36" deep tops, please also indicate model number **OBLOSSTR30361PC** on your PO for a single stretcher instead of 2 stretchers - $0 list

Wire Management 3-Sided Chase options:

Losa 3 sided laminate wire management chase with latches for 1 end panel base
Counter height chase (22.56"H) model # **OBLOSWM3SC2E36** - $620 list
Bar height chase (28.56"H) model # **OBLOSWM3SC2E42** - $330 list

Losa 3 sided laminate wire management chase with latches for both end panel bases
Counter height chase (22.56"H) model # **OBLOSWM3SC2E36** - $310 list
Bar height chase (28.56"H) model # **OBLOSWM3SC2E42** - $660 list

Losa 3 sided laminate wire management chase with latches for 1 middle panel base
Counter height chase (22.56"H) model # **OBLOSWM3SCM36** - $310 list
Bar height chase (28.56"H) model # **OBLOSWM3SCM42** - $330 list



Wire Management Stretcher options:

Losa wire management mouse hole (1) stretcher at the top / center
model # **OBOLOSWMMHS** - $20 list

Losa wire management notched cut out for power supply (1) stretcher at top / center
model # **OBOLOSWMNCO** - $50 list

Wire Management End Panel options:

Losa wire management mouse hole (1) in the end panel at the top / center
model # **OBOLOSWMHET** - $20 list

Losa wire management mouse hole (1) in the end panel at the bottom / center
model # **OBOLOSWMHEB** - $20 list

Full Height Stretcher Option - 2 piece top :

(1) full height stretcher centered under each half of the 2 piece top- model # **OBLOS2PCFHS2** - $450 list
(2) full height stretchers centered under each half of the 2 piece top - model # **OBLOS2PCFHS4** - $880 list

Full Height Stretcher Option - 3 piece top :

(1) full height stretcher centered under each piece of the 3 piece top - model # **OBLOS3PCFHS3** - $850 list
(2) full height stretchers centered under each piece of the 3 piece top - model # **OBLOS3PCFHS6** - $1700 list

Formica + Wilsonart HPL laminate finish grades listed on pages 22-29. For additional laminate grades, contact Symphony

surfaces

surfaces

surface and egde overview

Standard particleboard
The standard core consists of 1 .125" thick, 45 lb. industrial grade western particleboard. This meets or exceeds requirements of ANSA A 208 1979, 1-M-3 and is TECO tested per ASTM D-1037. The core is laminated with a .040" thick high pressure laminate top, while the underside has a .035" Polybak Ultra backing sheet applied.

High Pressure Laminate (HPL) surface
Symphony produces tops with virtually any laminate.
Most Formica and Wilsonart laminates are grade A, B, or C (see listings). However, some Formica and Wilsonart laminates plus laminates from other suppliers can exceed grade C pricing plus have extended lead times.
To verify pricing and lead-times, please email service@symphonytables.com for assistance.

To check availability or to order any samples please contact the laminate companies directly.

Edges 3mm PVC (PVEA)
Edge is banded with 3-mm extruded synthetic PVC molding.
The molding top and bottom edges feature a slight radius, adding comfort.
The 90 degree corners create a seamless table to table fit.

3mm PVC Knife (PVKN)
Edge is banded with .462 high rigid 3-mm extruded synthetic PVC molding. The top edge molding features a slight radius, adding comfort.
The bottom of the edge features exposed MDF core sanded smooth with a wax coating, the slanted edge has a 20 degree angle.
The 90 degree corners create a seamlesstable to table fit.
* Symphony can paint the PVKN edge instead of having raw particle board for an additional cost and lead time. Email service@symphonytables.com for more information.

Vinyl (VNEA)
Edges are banded with solid vinyl convex "T" molding, 1.5" radius corners The edge is hammered into the side of the top.

surfaces

egde profile overview

	Edge Code	Profile	Corners	Height	Depth	Standard Finishes
PVC	PVEA	eased	90°	1.19"	0.125"	**To match Wilsonart laminates:** Alabaster, Amber Cherry, Antique White, Asian Night, Asian Sand, Atlantis, Bannister Oak, Beigewood, Biltmore Cherry, Black, Blond Echo, Brazilwood, Brighton Walnut, Cafelle, Cocobala, Coffee Bean, Columbian Walnut, Designer White, Dove Grey, Ebony Recon, Empire Mahogany, Field Elm, Figured Mahogany, Fonthill Pear, Frosty White, Fusion Maple, Graphite Nebula, Grey, Grey Elm, Grey Mesh, Hampton Walnut, Harvest Maple, High Line, Huntington Maple, Kensington Maple, Khaki Brown, Limber Maple, Linen, Manitoba Maple, Montana Walnut, Monticello Maple, Natural Almond, Nepal Teak, North Sea, Pebble, Pepperdust, Pinnacle Walnut, Platinum, River Cherry, Satin Stainless, Shadow, Skyline Walnut, Slate Grey, Solar Oak, Studio Teak, Tan Echo, Wallaby, Walnut Heights, White, Wild Cherry, Williamsburg Cherry, Windsor Mahogany, Zanzibar. **To match Fomica laminates:** Almond, Amber Maple, Antique White, Black, Bleached Legno, Brite White, Dover White, Fog, Folkstone, Graphite, Graystone, Hard Rock Maple, Natural Maple, Neutral Twill, Platinum, Prestige Walnut, Pumice, Select Cherry, Stone Grafix, Storm, White ***Note that this list is subject to change at any time depending on the availability of the edge from the top plant or the edge manufacturer.**

Matrix Blue	8795		58		

std stock - flex 3mm PVC edge stocked & available for any size/shape top at standard lead time
*F - Flexible PVEA 3mm PVC edge available for an upcharge and a possible extended lead time depending on top sizes and quantity
*R - Rigid PVEA 3mm PVC edge available for an upcharge and a possible extended lead time depending on top sizes and quantity - note that the rigid form prevents the use of this edge on curved or round tops
Please note that edge banding availability is subject to change.
Email service@symphonytables.com to check pricing and lead time prior to ordering for *F and *R edge banding.

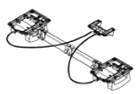
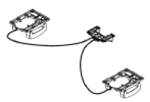
ZOEY AND MOTO FLIP MECH WITH BEAM IMAGE:



ZOEY AND MOTO FLIP MECH WITHOUT BEAM IMAGE:



ADDITONAL FLIP NEST BEAM LENGTHS AVAILABLE FOR TOPS UP TO 96" LONG, EMAIL SERVICE@SYMPHONYTABLES.COM FOR MORE INFORMATION.

Zoey and Moto flip nest bases with a beam do not require top stiffeners
The cost of the top stiffener is included in the standard Symphony top price.
Deduct the following from the list price shown for a top in the top section of the price list
-$40 list for tops that are up to 24" deep (1 stiffener)
-$80 list for tops that are up to 36" deep (2 stiffeners)

Note that the"NE" model numbers do not have a beam and therefore the bases cannot be spread more than 50" apart at center when using top stiffeners.

C Crank adjustment (Moto)
base height with glides 26" - 43.75" (17.75" range)
base height with casters 28" - 45.75"
-screw thread adjustment with infinite stop positions
-adjust with manual crank handle which slides under table when not in use
-maximum lifting load 225 lbs for two columns (T base set)

P Pneumatic counter balance (Moto)
base height range with glides 26" - 45.5" (19.5" range)
base height range with casters 28" - 47.5"
-Frame widths will accomodate tops from 42" - 72" long and 24" - 36" deep. We cannot modify the frame to fit tops that are any other size due to the components used to make the pneumatic counter balance adjustable bases.
-Must specify the weight of the top and all accessories that will be used on the bases so that the lift capacity can be set properly.

E Electric adj. 26" - 45.75" (Moto)
- touch switch for infinite stop positions
adjustment speed 1.97" per second
- simple up-down keypad control
- **programmable keypad available for $130 list per table, model number OBMOTPROG**
- maximum lifting load 225 lbs for 2 columns (set of T bases)

Contact service@symphonytables.com for complete ordering instructions. Height adjustable bases require a higher level of product understanding and installation.

Standard metal powder coat finishes (ME)
Flat Black, Furniture White, Inner Tone, Light Tone, Medium Tone, and Metallic Silver

** Note that the inner column of Moto and Kenna height adjustable bases are only available in Flat Black, White or Metallic Silver. Note that Moto White is a shade off and a little creamier than Furniture White. The Moto Counter balance and Ratchet height adjustable bases inner and outer columns are only available in Flat Black, Moto White and Metallic Silver.

SS Spring clip height adjustment (Keller & Ria)
24.75" - 33.75" base height range with glides
26.75" - 35.75" base height range with casters
six heights in 1" increments

SG Gas assisted spring clip height adjustment (Novi)
27.75" - 39.75" height range with glides or casters
adjustable in 1" increments
gas assisted spring allows adjustment of inner column
inner column runs on roller bearings

Casters (C):
2" black dual wheel locking

Premium Casters (P):
2" silver/black dual wheel locking (Moto)

Standard metal powder coat finishes (ME):
Black Wrinkle, Chateau Brown Wrinkle, Flat Black, Furniture White, Inner Tone, Light Tone, Medium Tone, and Metallic Silver

R Ratchet height adjustment (Moto)
26" - 35.5" base height range with glides
28" - 37.5" base height range with casters
13 positions in 0.78 inch increments
change positions by manually lifting the table top
resets to lowest position when lifted to upper stop

C Crank adjustment (Moto)
base height range with glides 26" - 43.75"
base height range with casters 28" - 45.75"
-screw thread adjustment with infinite stop positions
-adjust with manual crank handle which slides under table when not in use

P Pneumatic counter balance (Moto)
base height range with glides 26" - 45.5"
base height range with casters 28" - 47.5"
-Must specify the weight of the top and all

Bennett, Nantes II and Tondo Pneumatic Height Adjustable Bases

P Glide (plastic glide guidance) or Roller (steel roller guidance) Lift height adjustment:
26.75" - 44.5" base height range (without table top)
pneumatic cylinder assist with infinite stop positions
no bounce cylinder stop
unintentional release resistant lever with cable release

The weight of the top and all accessories that will be used on the base shall be advised on the purchase order. If the weight is set wrong then it will cause the table to lift up to fast or not work at all. Contac service@symphonytables.com for assistance.

Bennett & Nantes II lift capacity can be set at 33, 44, 55 or 66 lbs. for a lift range between 28 - 76 lbs.
Tondo lift capacity can be set at 22, 33, or 44 lbs. for a lift range between 18 - 54 lbs.
See chart for details:

AVAILABLE LIFT CAPACITY

Specify	Pound Equivalent	Lift Range
150N	33 lbs.	28-38 lbs.
200N	44 lbs.	34-54 lbs.
250N	55 lbs.	45-65 lbs.
300N	66 lbs.	56-76 lbs.

(ME) Standard metal powder coat finishes :
Flat Black (FB), Furniture White (FW), Inner Tone (IT), Light Tone (LT), Medium Tone (MT), Metallic Silver (MS).

* polished finish is not available for Keller or Ria Media bases with perforated metal panels

Ria and Keller bases feature a 10.5 x 10.5 " enclosure with the perforated metal panels.

Media Table Wall Support Bracket

Shall be used in peninsula applications for top sizes up to 48 x 60 for the 51 x 51 base or tops up to 60 x 72 with the 56 x 56 inch Ria or Keller Media base. Wall bracket must be secured to the wall studs with 5/16 diameter screws, dealer/installer shall provide the hardware.
Finish is Furniture White

Use the 33-7/8" long bracket for tops that are 42" - 48" where the top connects to the wall,
model **#OBMWB48, $320 list each**

Use the 50" long bracket for tops that are 54" - 60" where the top connects to the wall,
model **#OBMWB60, $410 list each**

bases

Keller V and double column conference bases

Power module cone shaped top plate - #OBXWMPCC $300 list
metal cone-shaped top plate conceals and protects center mounted power module in surface.
Concealed wires exit down inside the base column and out at the bottom of the base column.
Available for single column Keller X and Y bases
Note that the cone cannot be made with the polished finish, black or white paint is available for the cone with a polished base. The Circo power unit can be used with this cone wire manager.

Wire management hole set (2) in column - #OBTWMH2G $40 list
each hole is 1.25" x 2.25". Removeable grommets narrows hole to 1.25' diameter
Available for single column Keller X and Y bases
Note that the wire management grommet cannot be made with the polished finish

Bati single base (1)					
*	3" column diameter x 27.75"H	6 x 9	1	BPBAT1S3ODSDBME	420
*	3" column diameter cust higher height	6 x 9	1	BPBAT1S3ODSHBME	530
*	3" column diameter cust shorter height	6 x 9	1	BPBAT1S3ODSLBME	480

*Bati post legs need to be placed at least every 48". 30" max top depth.

Bati is a surface mounted post base that is bolted to the floor, the base can be centered under the top or offset. The cover for the floor plate is only avilable in black.

Customer shall supply (4) floor anchors or toggles per base -
-5/16" anchors required in cement
-3/8" toggles required in wood

Bati has a 2.5" wire access hole included in the floor plate.
To specify a 1.25" hole in the column use model number **OBPWMHBATI1 - $50 list per hole**

Black Wrinkle (BW), Chateau Brown Wrinkle (CB), Flat Black (FB),

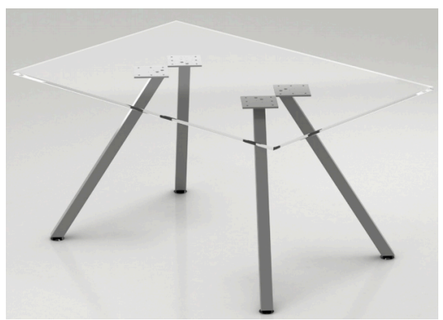
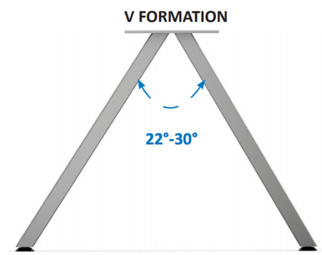
* The above pricing for the **Krauss series angled post base** is for a single base. Due to the versatility of this base, please email service@symphonytables.com to verify how many bases you will need and quantity of bases required to support your top.

Note that the height of the base as well as the degree angle of the base will determine the top size that it will support. We encourage you to contact our support team to obtain a drawing to verify that the bases will fit under the intended top size.





Picture above shows two column legs in V Formation. Multiple variations can be used with this column. Pricing is done per column.

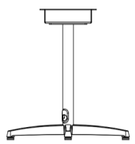
description	model no.	list
Zoey wire management hole		
the cord will route through the mouse hole and exit at the bottom of the column		
(1) 1.5" hole at the top / inside of 1 column for a single T or C type base	OBTWMH1Z	40
(2) 1.5" holes at the top / inside of each column for a set of (2) T or C type bases	OBTWMH2Z	80
(not available for adjustable height bases)		

Ria / Keller wire mangement holes for one single column of a T, C, TT, or 4X base	OBTWMH2RG	50
wire management mouse holes (top & bottom) for one base		
Each hole is a 1.5" x 2.25" oval. Removeable grommets narrow the hole to 1.25" diameter		
Note that the wire management grommet cannot be made with the polished finish, specify black or white		
(not available for adj ht bases)		

Ria / Keller wire management cone shaped top plate and WM hole	OBXWMPCC	300
metal cone-shaped top plate conceals and protects center mounted power module in surface		
Concealed wires exit down inside the base column and out at the bottom of the base column		
Available for single column Ria and Keller X and Y bases		
Note that the cone cannot be made with the polished finish		
black or white paint is available for the cone with a polished base		
Circo in surface power unit can be used with this cone wire manager		
(not available for adj ht bases)		



Ria / Keller wire management box shaped top plate and WM hole	OBXWMPBB	400
metal box-shaped top plate conceals and protects center mounted power module in surface		
Concealed wires exit down inside the base column and out at the bottom of the base column		
Available for single column Ria and Keller X and Y bases		
Note that the box cannot be made with the polished finish		
black or white paint is available for the box with a polished base		
Inside dimensions: 9.5" x 9.5" x 2.75"H, 1.75" access hole in top plate to column		
(not available for adj ht bases)		

Moto Magnetic wire manager for a square or rectengular column	OBWMMM18	100
standard dimensions: 17 3/4" length, 2" width, 1.06" depth		
large area for wire management of multiple power and cord sizes		
easy installation and reposition to any metal surface		
** specify metal finish - not available in a polished or wrinkle finish		

Moto wire management holes for T, C, X, post or frame base	OBWMHMOTO	50
1.5" dia. wire management mouse holes (top & bottom) for one base column		
(not available for adj ht bases)		

Novi T type bases wire management holes for one single column	OBTWMNOVI	80
Each hole is a 1.5" x 2.25" oval. Removeable grommets narrow the hole to 1.25" diameter		
Note that the wire management grommet cannot be made with the polished finish, specify black or white		
(not available for adj ht or polished chrome bases)		

Nantes disc / Marius disc / Moto X / Novi X		
power box mounting plate with (1) 1.5" mouse hole in the column near the bottom for the cord to exit to a wall or floor outlet away from the base	OBWMPD1H	120
-Power Box Dimensions 12" x 12", 3" high from top of the column to table top		
-Power Box Hole Dimensions: 2" dia. on a 3" column, 3 1/2" dia on a 4" column		
-Bottom Hole Dimensions: 1 1/2" dia. hole on a 3" column, 2" dia. hole on a 4" column		

Nantes / Marius power box mounting plate with wire management hole centered under the disc base	OBDWMPDHCHF	190
wire management hole in the center of a Nantes / Marius disc base for floor access		
-3" column has a 1 7/8" dia thru hole at bottom / center		
-4" column has a 2 1/4" dia thru hole at the bottom / center		

***please note that power supply units and cords vary in size and shape. Please email service@symphonytables.com to ensure that your power supply and cord will work with the table specifications and desired wire management options.**

general information

terms and conditions

Terms of Sale

All prices listed are delivered pricing to the 48 contiguous states. Orders shipped to Hawaii, Alaska, and Puerto Rico ship to the port of embarkation. Product specifications and pricing is based on the information at time of publication. Symphony reserves the right to make changes at any time without notice regarding product specifications and pricing. Terms are Net 30 from the date of shipment (net 10, 1% discount). Prices are subject to change annually for changes in accordance with state contract regulations. All customer/nonstandard products are subject to a fifty percent (50%) advance deposit. There will be a service charge of 1 1/2% per month on all invoices past due. Symphony reserves the right to use its own or commercial carriers for the "best way" to ship, at its sole discretion.

Quality Standards
Symphony Furniture products meet or exceed applicable ANSI/BIFMA durability and safety standards when properly installed with appropriate size base.

Warranty
All Symphony products are guaranteed against defect for a period of ten (10) years. Electrical items and height adjustment mechanisms are guaranteed against defect for a period of five (5) years. Symphony will replace or repair (at our discretion) without cost to our customers any item found to be defective as a result of defective material or workmanship. This excludes any item which has been abused or subjected to any use other than that which was originally intended for our product. Any repairs by our customer must receive specific written authorization from Symphony before work is initiated. This warranty is given to the initial purchaser and is valid for as long as the product is owned by the initial purchaser. The warranty, which runs from the date of manufacture, covers defects in materials and craftsmanship found during normal usage of the products during the warranty period. If a product is defective, and if written notice of the defect is given to Symphony within the warranty period, Symphony at its discretion will either repair or replace the defective product with a comparable component or product, or provide a refund of the purchase price. In no event shall liability under this warranty exceed the original purchase price. Warranty on plastic laminates is not covered by Symphony but is covered by laminate manufacturers under their specific warranty only. There are no other warranties expressed or implied. This warranty does not apply to damage caused by a carrier, alterations to the product not expressly authorized by Symphony. Symphony does not warrant the matching of color, grain, or texture except to within commercially acceptable standards. A product will not be considered defective, and Symphony will not be obligated to replace it, if that product is subject to any of Symphony's written planning, installation or user guides, and is not installed or used as recommended.
Please note that all Losa tables and conference/media tables should not be moved as a complete unit after the product has been assembled. If it is moved, then this could result in the tables being "racked" which could also disrupt the top plate and/ or cam lock routing and predrilled holes. This type of damage is not covered under warranty. In order to move a table, you must unassembled the table completely and re-assemble it in the new location.

Minimum order/Freight Charge
Zone 1 orders less than $4,000 list (U.S.) - $180 net
Zone 2 orders less than $4,000 list (U.S.) - $240 net

Sales Policy
Possession of this price list does not constitute authority to purchase and/or sell products contained herein. All orders are subject to acceptance by Symphony Furniture.
New Accounts
New accounts can only be established with:
Approval of Symphony sales representative
Valid purchase order
State Resale/Exemption Certificate or order will be charged the appropriate sales tax
Application & credit references
Payment in full (initial orders under $4,000 list) or 50% deposit in advance

Taxes
Symphony requires a state Resale/Exemption Certificate on file in our main office. Sales made without a certificate will be charged the appropriate sales tax as required by law.

Freight Terms
Freight charges will be prepaid on all shipments unless special arrangements have been made. Normal delivery is dock to dock. Special requests, such as inside delivery, lift gate service; residential delivery, etc. are subject to additional charges. All accessorial charges not requested on purchase order will be the responsibility of the consignee. Symphony reserves the right to select the "best way" shipment method and means. Delivery date and times are at the discretion of the carrier within reasonable transit time unless special arrangements have been made between the customer and Symphony.

Acknowledgements
Every order is acknowledged. Orders will be manufactured and invoiced based upon the information on the acknowledgment. If there is any discrepancy, please notify Symphony immediately. Orders are accepted by Symphony per terms on the acknowledgment. All acknowledgements contain an estimated shipping date. Your order may actually ship earlier than the expected shipping date, depending on the backlog at the time. If you do not want the merchandise earlier than the specified date, please write "Do not ship for arrival before_____" on your purchase order.

Revised Orders
Orders requiring changes to the product or additional options will not incur additional costs unless orders have been processed. Orders revised after being manufactured are subject to additional charges.

Changes or Cancellations
Orders entered and acknowledged cannot be changed or cancelled without Symphony's consent. The customer is responsible for all costs incurred, and a minimum cancellation or change charge of 25% will be invoiced if an order is cancelled or changed within 15 working days of shipment. Orders for nonstandard products are not cancelable.

Shipments on Hold
Any shipment placed on hold by customer's request or due to balance owed, will be manufactured per the originally scheduled ship date. Storage charges will begin to accrue 7 days from that date. Any order held by our factory over 30 days will be billed and must be promptly paid even though shipment is held at factory at customer's request.

Special or Additional Freight Charges
Symphony Furniture reserves the right to charge the following when incurring additional freight costs. Destination changes after product has shipped - $50.00 plus $2.00/mile after the first 10 miles. Wait time for delivery of greater then two hours - $130.00/hour. Trailer drop/switch delivery - $200.00/trailer. Deliveries Friday (after 3:00pm) through Sunday or Holidays - $600.00/day. Third party to pick up freight at the terminal - $200.00.

Redelivery of Freight
When redelivery of merchandise is required because customer is not ready to accept merchandise, and no notification of this fact is given to the factory at least two weeks prior to the scheduled ship date, the actual costs for freight, restocking and re-handling, plus 5% at the order value, will be billed to the customer.

Receipt of Order
1. Carefully inspect all incoming items
2. If an item is damaged, please note the damage on the delivery receipt.
3. Immediately contact the carrier to request an inspection and their freight claim form.
4. File the freight claim form with the carrier within five days of receipt.
5. If any item is missing or is not correct, please contact Symphony immediately.

Any concealed damages or shortage not reported with 5 business days from delivery shall be the sole responsibility of the customer.

terms and conditions

Shipment Damage Claims
Legal title of merchandise passes to the buyer upon acceptance of the carrier. All merchandise is packed to comply with carrier requirements. Shipments should be carefully inspected by the consignee before acceptance and the delivery carrier should be requested to record any damage or shortage. If further damage is found after delivery, immediate inspection by the delivering carrier should be requested. Notification of concealed damages must be made to the delivering carrier within 5 days after delivery of merchandise. Carrier liability ceases after this period. Damaged freight must be kept at the point of delivery in the original packing for inspection by the carrier. Please be advised that if the carrier obtains a clear receipt for shipment, they are no longer responsible for damage or shortages. Please note that electronically signing the carrier's tablet at the time of delivery means that you are accepting the delivery and no damages are being notated. If you see anything that indicates a shipment has been tampered with or shows signs of damage, then ask the driver to report it to the freight company and take pictures.

Shipment Shortage Claims
Shortage claims reported after 10 days beyond shipment date will not be honored.

Unopened Shipment Damage Claims
Neither Symphony nor the carrier is responsible for concealed damage claims if shipments are left unopened. Notification of concealed damages must be made to the delivering carrier within 5 days after delivery of merchandise. Refusal to accept an order from the carrier does not relieve you of the responsibility for payment, and may incur additional charges.

Lost Shipments
Symphony issues a bill of lading to consignee on the date of shipment. If shipment is not received within 20 days of shipment date, notify us. Symphony and the carrier do not assume obligation for lost or damaged shipment claims after 6 months of shipping date.

Title to Merchandise
Title to merchandise shall pass to the buyer upon delivery by Symphony to the carrier. For purposes of risk or loss, all shipments are F.O.B. factory. Buyer acknowledges that once Symphony delivers the goods to the carrier, title to the goods and risk of loss will pass to the buyer. If the goods are damaged by the carrier while in transit, the buyer has the sole obligation of seeking recourse from the carrier.

Returns
Symphony will not permit return of materials without written consent if materials shipped are as acknowledged. Return shipments when accepted are subject to a re-handling/restocking charge, in accordance with the state contract after the merchandise is received and inspected. All freight or express charges must be prepaid on return shipments; otherwise, they will not be accepted. Damaged materials and all items specially built to order cannot be returned under any conditions.

Repair and Replacement
Any labor charges for correcting a manufacturing problem must be submitted and approved before correction is undertaken, if the units are under warranty. Labor charges will not be paid if the estimate was not submitted and approved prior to labor being completed.

table care and maintenance

Table Care and Maintenance

Laminate Surfaces, Vinyl & PVC edges
High-pressure laminate is durable and requires minimal maintenance. To clean the surface, use a damp cloth or sponge and a mild soap or detergent. Rinse with clean, clear water. Wipe the entire surface, moving with the pattern and follow with a clean, dry, soft cloth. When a wood edge exists, follow "Wood Edge and Veneer" instructions.

Difficult "stains" such as coffee or tea can be removed using a mild household cleaner/detergent and a soft bristle brush, repeating as necessary. If stain persists, use a paste of baking soda & water and apply with a soft bristled brush. Light scrubbing for 10-20 strokes should remove most stains (excessive scrubbing or exerting too much force may damage the surface, especially gloss finish surfaces). Any remaining stains may require the use of undiluted household bleach or nail polish remover. Apply to stain and let stand no longer than two minutes. Rinse thoroughly with warm water & wipe dry. Step may be repeated. However, prolonged exposure of bleach to surface will cause discoloration.

Abrasive pads, scouring powders or cleansers may permanently dull & scratch the surface making the laminate susceptible to staining. Harsh chemicals such as oven, toilet or drain cleaners will etch & discolor laminates. If spills of these products occur, remove immediately, rinse thoroughly, and wipe dry.

High pressure laminates have high heat resistance, however exposure to temperatures greater than 135 degrees C (275 degrees F) is not recommended. Prolonged exposure to temperatures above 65 degrees C (150 degrees F) may result in separation of the laminate from the substrate. Protect the surface from heat generating appliances by using a trivet or insulating pad.

Do not use sharp objects directly on the laminate surface. A counter saver or chopping block is recommended.

HP laminate have excellent impact resistance. However, heavy objects dropped on the surface may chip or crack the laminate.

Powder Coated Metal
Clean with a mild soap solution and rinse with clean clear water. Wipe the entire surface and follow with a clean, dry cloth to buff dry.

Chromed Metal
Clean with a wet cloth or window cleaner. For scuff marks or heavy soiling, apply a non-abrasive automotive chrome polish as directed.

Mechanical Parts
Clean any lint or debris from the moving parts of the tilt or folding mechanisms. Do not apply any lubricant.

Environmental Statement & Solutions

Everyone at Symphony shares the concern of protecting the environment. We use environmentally friendly materials in our products and processes wherever possible. Environmental awareness is something we strive to incorporate into every aspect of our lives. Recycled/recyclable packing/shipping materials are used whenever possible. All plastic, cardboard, scrap metal (steel, stainless steel, & aluminum), used oil, and wood pallets accumulated from the manufacturing process are recycled. All our marketing materials are printed on recycled/recyclable paper.

Symphony is committed to bringing you the designs & solutions needed for your project but also dedicated to preserving the Earth's natural resources for the future.

Surface Core or Substrate

Standard particleboard core
100% pre-consumer recycled wood fiber particle board certified by Scientific Certification Systems (SCS).
Particleboard is at least 90% wood fiber by weight.
Forest Stewardship Council (FSC); mixed credit available (optional).
Meets California Air Resources Board (CARB) Regulation 93120.2, Phase 1 emissions limits No Added Urea-Formaldehyde (NAUF) Particleboard (optional)

Meets California Air Resources Board (CARB) Regulation 93120.2, Phase 1 emissions limits
No added urea-formaldehyde (NAUF); SCS certified.
Collaborative for High Performance Schools (CHPS) Section 01350 Compliant
Environmentally Preferable Product (EPP) Certified by the Composite Panel Association

Surface Material

High Pressure Laminate (HPL)
Wilsonart, Formica, Nevamar and Pionite laminates are GREENGUARD Indoor Air Quality Certified®
Wilsonart, Formica, and Pionite laminates are GREENGUARD for Children and Schools Certified®

Adhesives

Water based adhesive
Low VOC emissions
Does not contain urea-formaldehyde

Edge Materials

ABS Plastic edge - 2mm ABS plastic edges are available in an array of standard colors
- ABS is a recyclable plastic, unlike PVC material
- Chlorine Free Polymer can be incinerated
- Ecologically responsible chlorine-free polymer may be recycled or incinerated with general wood waste, reducing the amount going into landfills

Urethane edge
- Urethane is comprised of approximately 65% refined vegetable oil by weight.
- Vegetable oil is a rapidly renewable, natural material
- Extreme durability results in a longer lifespan than surfaces made from other materials.

Bases

Zoey
57% initial recycled content
99% recyclable
Polished aluminum environmentally friendly alternative to polished chrome Standards collection
Produced with a chemical vs. electrical deposition, and encompasses a chemical reaction to metal (ferrous) material

General
Most bases recyclable
Powder coat much more environmentally friendly alternative than liquid metal finishing (over-spray collections increase utilization to over 95%)
